

Senior Advisory Board

The Senior Advisory Board (SAB) will begin a systematic analysis of identified city-owned sites and one private site that could be considered for a new or upgraded Senior Center at its next meeting on Monday, March 7. **Bob Smallridge** and **Hal Schmidt** lead this effort to provide recommendations to city staff and council for a Senior Center that will be appropriate for the current and next generation Oak Ridge seniors. This activity is being undertaken at the request of the City Manager. As is the case with all city boards, the public is welcome to attend. The SAB meetings are held at the Senior Center at 9:30 a.m. on the first Monday of each month.
